GIL YOUNG

1641 Tremont Street, Apt. 2, Los Angeles 90033
gil.young.1994@gmail.com · 310-401-4147

I am a creative, motivated web developer who is eager to bring his years of classroom experience to bear on an agile engineering team. My thorough understanding of front- and back-end programming makes me a great candidate for many positions. An adept peer-motivator with outstanding communication skills.

EDUCATION

MAY '17
BACHELOR OF ARTS, OBERLIN COLLEGE

Received a degree in Math and Computer Science, graduating with a 3.97 GPA. Recognized for my academic achievement by the Phi Beta Kappa society. Tutored and graded other students in C.S. courses. Studied Algebraic Geometry at the Budapest Semester in Mathematics.

FEB '23
WEB DEVELOPER CERTIFICATION, UCLA EXTENSION

Learned many industry-standard tools such as Bootstrap, Express.js, React and Git, and built full-stack web applications using the MERN technology stack. Worked on coding teams to quickly build dynamic sites which utilized API data-streams and had full CMS's.

WORK EXPERIENCE

SEP '20 – AUG '22
PRODUCTION ASSISTANT, 31 MILE PRODUCTIONS

Assisted dozens of commercial photo shoots for a boutique production company. Coordinated crew and talent, transported and managed production equipment, and dealt with city officials to ensure consistently smooth and speedy shoot days.

SEP '18 – MAR '20
MARKETING ASSISTANT, COMPASS

Worked with Compass agents on developing their business strategies. Launched social media campaigns on Facebook and Instagram, and used Google analytics to run targeted adsense advertisements. Created original marketing materials, agent logos and newsletters.

JUL '17 – AUG '18
TUTOR, HAYUTIN & ASSOCIATES

Tutored students in one-on-one sessions in subjects such as math, computer programming, standardized testing, and essay writing.
